September 2024

Supporting Mental Health and Well-Being

Welcome to the 2024-2025 School Year!

Welcome back to the start of another school year. September brings lots of new beginnings for many students. For Kindergarten students, it is a whole new experience of being in school; grade nines are embarking on their secondary journey; and many students are making connections in new classrooms and new schools. Do you remember starting school and the feelings of anticipation and excitement for the year? In this newsletter, we will continue to share information to support children and youth, provide resources for parents, highlight how schools are promoting wellness, and uplift spiritual care through the regular monthly features. We wish all of you a mentally healthy September and a whole year of wellness. Watch the video below from the Secondary Mental Health and Well-Being Champions to see how well-being is being implemented every day.

Prayer

Lord, we pray for a year of good health and success. May we each grow and develop in mind, body, and spirit. May we be granted the wisdom to maintain the proper balance in life and the prudence to make significant contributions to our school community. May we always be willing to make sacrifices that enable others to grow and that lead to the flourishing of this community. Lord, keep us humble and grateful as we strive to give our best to pave the way for a wonderful future. Amen

The transition back to class after a break can be challenging for some. Know that School Mental Health Ontario is here as a resource to help us support students as they navigate the ups and downs of school life.

While preparing for your child's return to school, it is important to consider the relationship your child has with digital technology, also referred to as "screen time." Read [Helping Your Child Manage Digital Technology](#) for tips on how to know and what to do if your child's screen time is problematic.

Ontario has a comprehensive and systematic multi-year School Mental Health Strategy that follows scientific research and responds to student needs and service trends. For an overview, read [SMH-ON School Mental Health Strategy, 2022-2025](#).

Student Information & Resources

As you settle into another new school year there are a lot of changes to adjust to. There may be things on your mind, or you may be looking for ways to help a friend and are unsure who to talk to. There are caring adults at your school who want to listen and help. You can talk to your teacher, Principal or Vice-Principal, Child and Youth Worker, Social Worker, Mental Health Worker, or Psychology Team Member. If you are a secondary student, you can also access your Guidance Counsellor, Student Success Teacher, or Chaplain. Staff can help guide you to the supports that you are looking for.
